MEEWASIN - MIGHTY OAKS GLN - PUBLISH TO

Production: **0860004402909**

STEPS TO BEGIN PUBLISHING TO MIGHTY OAKS

1. Have your accurate item data loaded into your home data pool and insure it is ready for publication. Contact your data pool provider for any assistance your require.
2. If you are not a member of a data pool provider you will need to join one (e.g., GS1 Canada, 1WorldSync, etc.)
3. Advise us by contacting us or registering for a Mighty Oaks account at <https://www.mightyoaks.com/accounts/signup/> Include your GLN with the company name.
4. Mighty Oaks is ready to accept your publication as soon as you have advised us with your GLN number.
5. Publish your full item catalog and provide all attributes in production to GLN **0860004402909**.

HOW YOUR PRODUCT DATA IS USED?

Your data will be used to enhance the customer experience at both the consumer and wholesale level by provide accurate and rich product information. The Mighty Oaks platform is currently deployed in the following applications:

- Online Grocery E-commerce Store (B2C)
- Food wholesale and Distribution E-commerce (B2B)
- Order Management System (B2B)
- Food Services E-commerce Store (B2B)
- Consumer Electronics and Hardware E-commerce Store (B2C),
- Airline Catering (B2B), and
- Internal stores management spare parts and supplies (aviation).

The Mighty Oaks platform is also used in the following applications, where we do not currently use product information:

- Locker Management,
- Delivery Management, and
- Medical Equipment Rental, Loan and Recall Management.

There are approximately 40-50 grocery retailers that use our platform at retail or interact with wholesalers who use our platform. Our solution is currently deployed in Canada, the US, Mexico, Panama, Guatemala, and Costa Rica.
